

Pre-Audit: BRC for Food Safety – Issue 6

FAQ

Question 1: Is QS-Development qualified?

Ulrich of QS-Development has years of experience in the food industry and is developing & implementing Food Safety Systems over 10 years.

He is a BRC Lead Auditor and has successfully implemented the BRC Food Safety Standard (Issue 4 and 5) several times.

Question 2: Why choose QS-Development?

Ulrich of QS-Development is a practising BRC Certification Auditor and frequently conducts certification audits in Ireland, UK and Germany for several Certification Bodies.

Question 3: How to start?

1. Contact us and we will discuss the scope, objective and a suitable date of the audit.
2. We will send you a confirmation containing the details discussed and an audit agenda.
3. Conduction of the audit including meetings, factory inspection and document review.
4. Once the audit report is written it will be posted to you immediately.

Question 4: Value for money?

We spend a minimum of a full day on your site and a further ½ day off-site to prepare the audit and write the audit report.

The audit report of QS-Development is addressing each clause of the standard (incl. conformities and non-conformities).
